Corridor's CHEX eLearning Keeps You on Top of Training Needs and Results

Finally, a tool to simplify training and orientation that is tailored to home health and hospice providers. CHEX, Corridor's eLearning for Home Health and Hospice, allows users to learn at their own pace anytime, anywhere. Starting with CHEX eLearning is easy!

Corridor's CHEX eLearning provides your organization with courses focused on meeting annual mandatory education and orientation training. Courses are specific to home health and hospice, management, leadership, HR compliance and many other categories with over 700 courses offered. Corridor offers CE's for nursing and select courses offer social work CE's.

CHEX eLearning offers the following benefits:

- Online/Web-based
- Interactive
- Accessible from any device
- Easy-to-manage
- Variety of course libraries
- 24/7 access
- Gain consistency
- Reduce training costs

Courses meet current CMS, OSHA, HIPAA and accrediting body guidelines.
