REMINDER: AHIP is not the only part of your Humana course work process. Once you have completed the AHIP Medicare exam, within the 3 allowed attempts, you will need to return to the course outline to complete the rest of the modules needed to complete your course work requirements.

Please note: If you are using a computer that someone previously used to complete their AHIP testing, at this time, please log off all current internet connections. Start a new internet connection and reconnect to the course. This will ensure that you will have a smooth log in process with the AHIP website, and your information does not get crossed with the previous user's information.

Remember: AHIP now offers Fraud, Waste and Abuse (FWA) training and CMS General Compliance training along with their Medicare Training Course. The addition of these training programs offers you the convenience to complete the required training all in one place. (More information about this training on page 18)
