

C4E STUDENT GUIDE

CANVAS

WELCOME

The C4E Student Guide walks you through the purchasing and registration process for your Connect For Education course, which is hosted through **your school's Canvas site**. Based on how your course is setup, you will visit your school's Canvas site for registration and course access. The C4E course text, including all lesson pages and coursework, will be accessed directly from Canvas (you will not be able to download the course text itself). You will NOT need to register your access code on [the C4E Student Registration Page](#).

Please review this guide carefully for instructions on how to gain access to your course. If you run into any questions, please contact the C4E Tech Support team and we would be happy to help!

GETTING YOUR ACCESS CODE

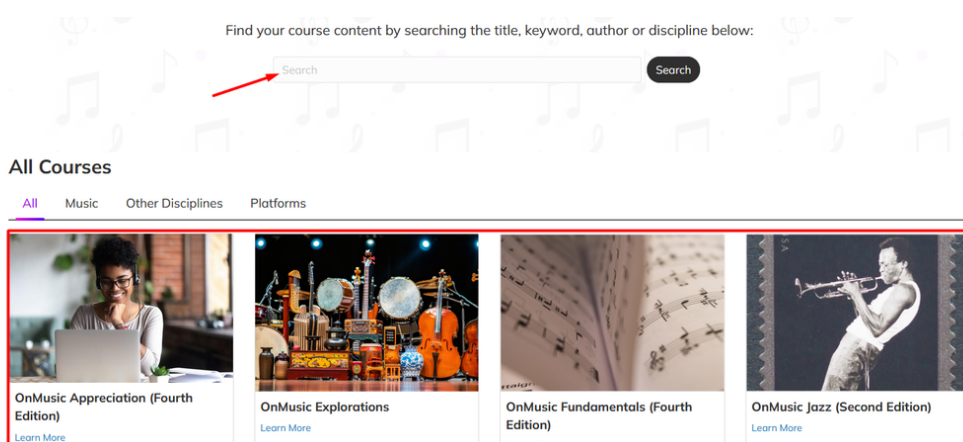

Obtaining Your Access Code Through Your School

To access your course materials, you will first need to purchase an access code. If you are enrolled in your school's inclusive access program (sometimes called First Day access), or are purchasing your access code through your school bookstore, your bookstore team will provide you with the necessary steps needed to receive your access code. Be sure to monitor your inbox for important bookstore emails!

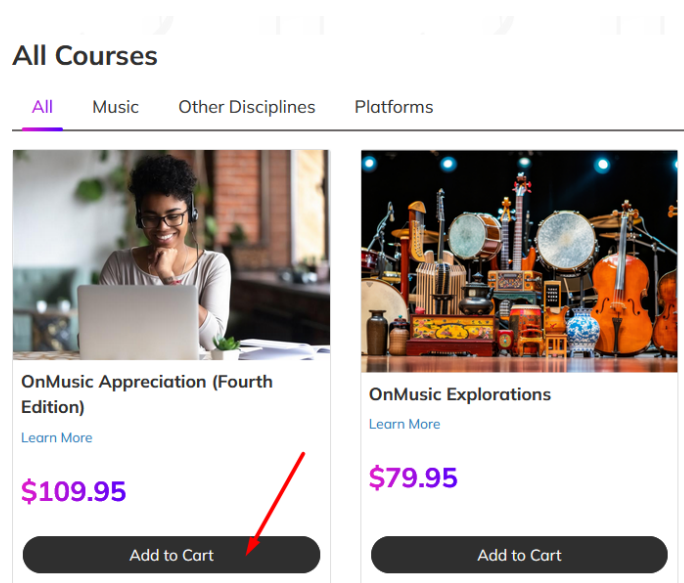

Please note: If you are enrolled in your school's inclusive access (or First Day access) program and later opt-out of your school-provided code, you will need to provide C4E with a NEW access code to reinstate your access. For more information, please visit [our helpful inclusive access FAQ](#).
