

Activate Your eRaider Account

[Search ITHC Solutions](#)

STEP 1: To Activate your eRaider account you need to go to <http://www.eraider.ttu.edu/> and click **Activate Account**.

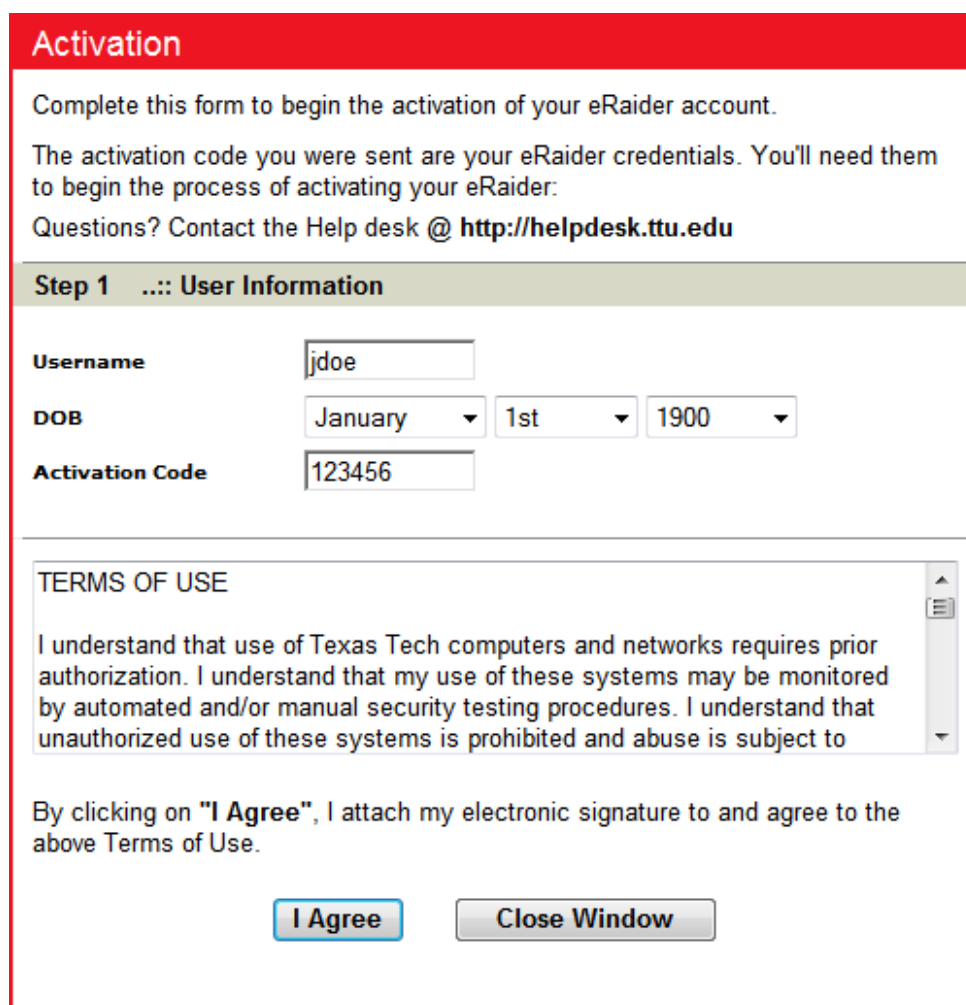

The eRaider Sign-in form features a red header with the title 'eRaider Sign-in' and a 'Help' link. It includes input fields for 'Username' and 'Password'. A 'VeriSign Secured' logo is displayed on the left, and links for 'Forgot password?' and 'Forgot username?' are on the right. A 'Sign In' button is centered below these links. At the bottom, there is a link for 'Sign Up' and a large red 'Activate Account' button.

STEP 2: Enter the required information then click **I Agree**:

Username (provided in activation letter)

Date of Birth

Activation Code (provided in activation letter)

The Activation form has a red header with the title 'Activation'. The main content area is white and contains instructions: 'Complete this form to begin the activation of your eRaider account. The activation code you were sent are your eRaider credentials. You'll need them to begin the process of activating your eRaider: Questions? Contact the Help desk @ <http://helpdesk.ttu.edu>'. Below this is a section titled 'Step 1 ...: User Information' with a light green background. It contains three rows of input fields: 'Username' with the value 'jdoe', 'DOB' with dropdowns for 'January', '1st', and '1900', and 'Activation Code' with the value '123456'. A 'TERMS OF USE' section follows, containing a scrollable text area with the following text: 'I understand that use of Texas Tech computers and networks requires prior authorization. I understand that my use of these systems may be monitored by automated and/or manual security testing procedures. I understand that unauthorized use of these systems is prohibited and abuse is subject to'. Below the terms is a statement: 'By clicking on "I Agree", I attach my electronic signature to and agree to the above Terms of Use.' At the bottom are two buttons: 'I Agree' (highlighted in blue) and 'Close Window'.

STEP 3: Choose a randomly generated password or input one of your choice. You MUST manually type in the computer generated

password. You will not be presented with the password again, so you must either remember it or write it down at this point.
