What is Classkick?

Classkick is a platform where students do their work—and get help right when they need it.

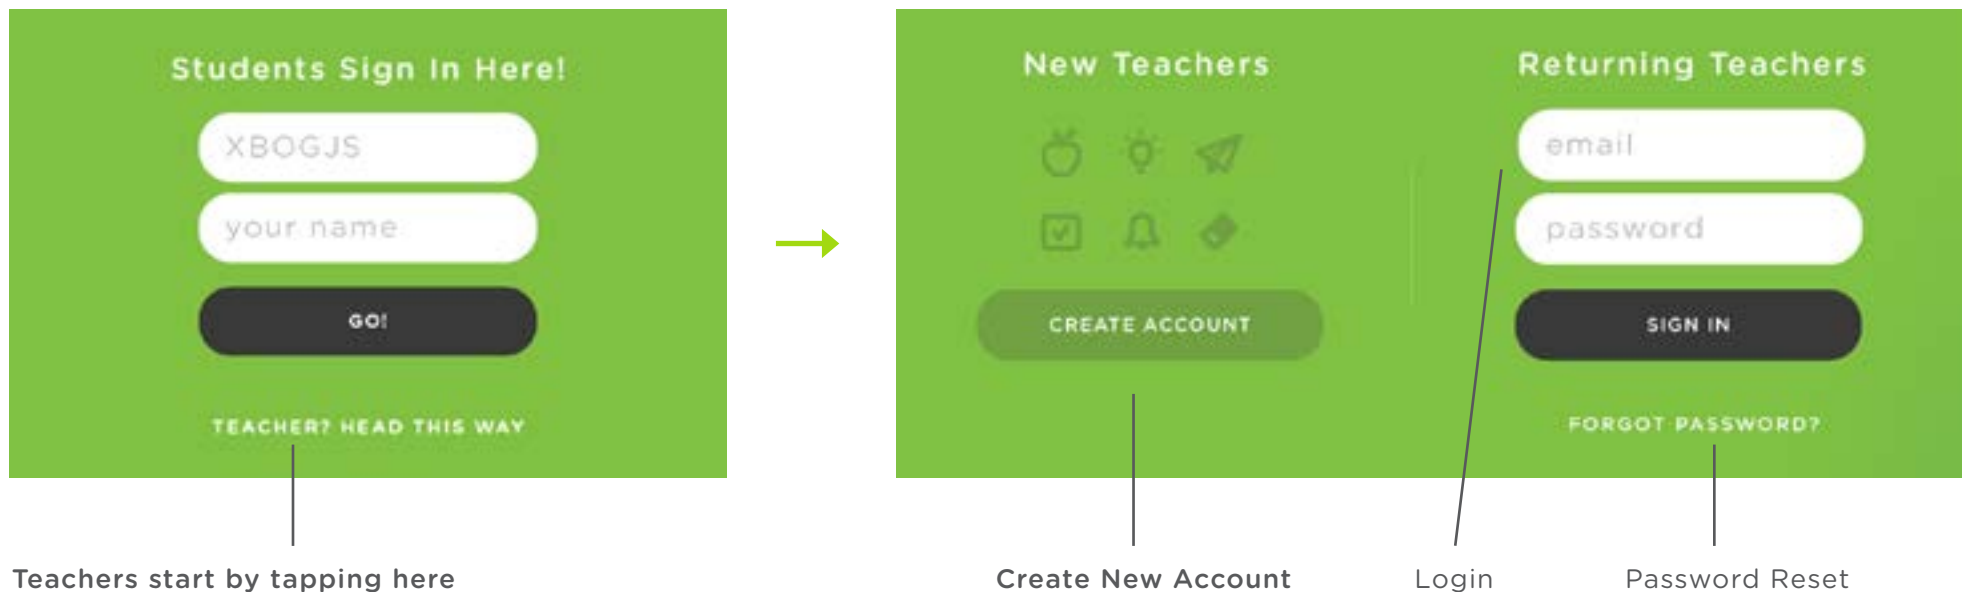

Key Benefits

- Teachers create, assign and grade paperless assignments.
- Students work at their own pace and receive help immediately from their teacher and other students.
- Students can privately raise a hand to request help.
- Students can collaborate with each other.

Create New Teacher Account and Log In

Create a free teacher account to save assignments and all student work. Students don't need to create an account to use the app.
