

# Connect and communicate with in-network dentists

## Dental insurance

With a *Lincoln DentalConnect*® plan, it's easy to reach a convenient dentist. Members have access to a wide selection of providers and locations across the country—and a simple search tool to help you find them.

### Simple search, broad results

To find a dentist near you:

Visit [LincolnFinancial.com](https://LincolnFinancial.com).

Select **Find a dentist**, located at the bottom of the home page under **EMPLOYEE BENEFITS**.

Enter your ZIP Code to find dentists in your area.

You can even narrow your search by selecting a specialty or entering a dentist's last name.

### Tips

For additional help locating a nearby dentist, call 800-423-2765.

Have your member ID card handy when you call your dentist. You can provide information listed on the card—or your Social Security Number—to help the office verify your coverage.

### Talk with your dentist's office

When you call to schedule your visit, inform the office that you have coverage through Lincoln Financial Group with the *Lincoln DentalConnect* PPO plan.
