

# DEALER eCONTRACTING PREPARATION SURVEY

## USWC PRESENTS...eRATING AND eCONTRACTING!

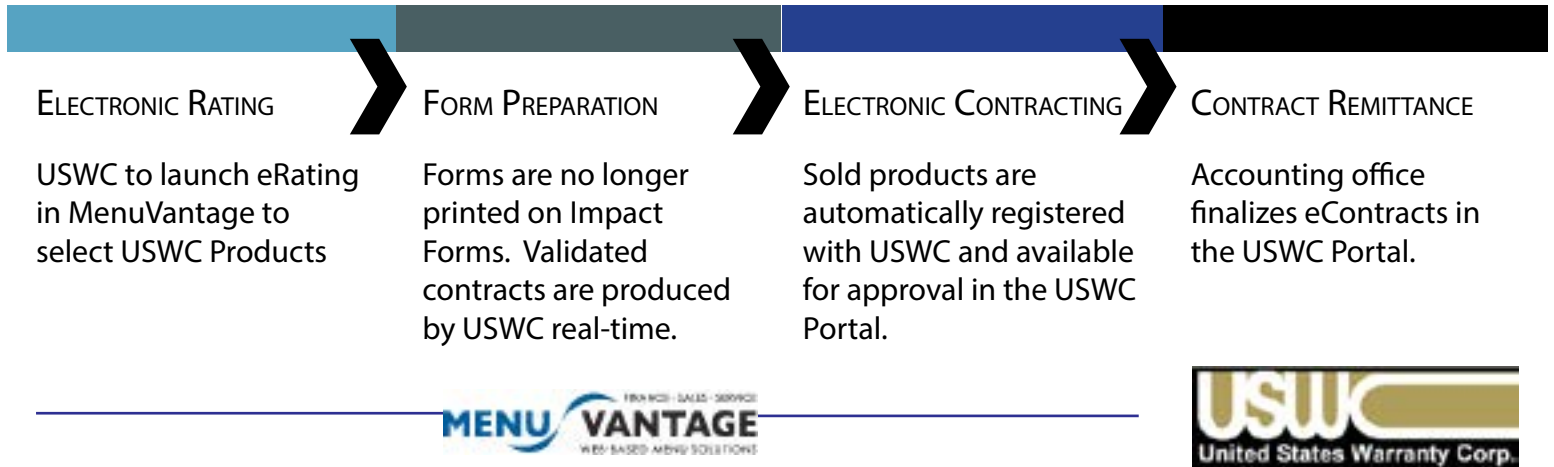

USWC has developed new technology to offer new options for presenting and selling USWC products. USWC products can now be rated and contracted in F&I from within MenuVantage.

The F&I department can streamline the process to allow more time with your customer. The Accounting department can eliminate the additional manual entry of sold products, while maintaining final approval for each deal.
