your house.

Get a **MyBellinHealth** Account. Get Medical Care Online.

MyBellinHealth is a free service that makes it easy to manage your health online. You can refill prescriptions, see your lab results, and more. And now there are two ways you can visit a Bellin provider without leaving your house.

E-VISITS

E-visits make it easy to get help for simple things like colds, flu, and allergies. Just go to your MyBellinHealth account, fill out a form, and in an hour or less you'll get a response. An e-visit is a questionnaire you fill out and submit online through your MyBellinHealth account. The cost of an e-visit is \$35 and is typically not covered by insurance.

E-visits are available:

Monday-Sunday: **6 a.m. - 10 p.m.**

You can expect a response within two hours.

VIDEO VISITS

Video visits allow you to see your caregiver and interact. They are great for receiving help when you have flu symptoms, a cold, allergies, and other similar issues. A video visit is a live, interactive appointment conducted by video either on your computer or smartphone MyChart app. Video visits with a Bellin Health provider are scheduled for a specific time, just like an appointment in the clinic. The cost of a video visit is \$49 and is typically not covered by insurance.

Video visits are available:

Monday-Friday: **8 a.m. - 7 p.m.**

Saturday and Sunday: **9 a.m. - 7 p.m.**

Holidays: **9 a.m. - 3 p.m.**
