

Say hello to Go365[®] by Humana for Medicare members

Go365 is the wellness program personalized just for you, and rewards you for making healthier choices.

You are already enrolled! Follow these easy steps to get started:

Visit Go365.com and click the Register now button to get your account going. *(You will need your Humana member ID number or your Social Security number).* **Select Continue and you're all ready!**

If you've already registered on Humana.com then sign in to Go365.com using the same username and password. If you're participating in Go365 by mail pick an activity and get started.

Here are some of the healthy things you can do with Go365:

- Participate in fitness activities like tracking the steps on your walk, working out at a fitness facility, or completing a 5K run. Always consult your doctor before starting a new exercise.
- Get more information and education about your health, or get personal support from a health coach.
- You earn Go365 Bucks for every eligible activity you complete. Go365 Bucks aren't cash, but you can use them in the Go365 Mall for great items like gift cards and fitness devices.

Register or sign in at Go365.com – or – call the number on the back of your Humana member ID.

Earn Go365 Bucks when you complete healthy activities – 1,000 Go365 Bucks = \$10 Gift Card

That's just one or two preventive screenings, or tracking your first-ever workout in the Go365 program.

How to use Go365

Making healthy choices can be easier – and lots more fun – with Go365. When it comes to health and wellness, you most likely have your own approach. One that works for you.

Go365 helps make it easier for you to get moving along your own path, at your own pace, by providing many ways for you to make healthier choices, earn rewards, and have some fun.

There are plenty of healthy activities to choose from. To get the most benefit from Go365, you should consider doing just one of the following activities:

- Complete preventive screenings
- Complete one or more verified workouts per week
- Engage in ongoing health coaching sessions
- Complete a recommended activity after completing your Go365 Health Assessment

Find the Go365 activities that may work for you.

Biometric Screening

A biometric screening is a short health exam with a medical professional that helps establish a baseline and may help determine if you're at risk for certain medical conditions. It measures:

- Body Mass Index (BMI)
- Blood Pressure
- Blood Glucose Screening (Diabetes Test)
- Cholesterol

To get your biometric screening, set up an appointment with a doctor, clinic, or healthcare facility of your choice. A great time for your biometric screening is during your "Welcome to Medicare" preventive visit or your Annual Wellness Visits.

You will need to take a biometric screening form with you to your appointment. You can get the form online at Go365.com/BiometricForm. If you requested to participate in Go365 by mail, the form was mailed to you. Or you can call the number on the back of your Humana ID and request a form.

Education

Taking the Go365 Health Assessment can be the first step to learn more about your health.

The Go365 Health Assessment is designed to help you understand your current state of health and find simple ways for you to make positive changes.

Once you've completed your Go365 Health Assessment, you'll find out your Go365 Age. If your Go365 Age is younger than your actual age, you'll receive recommendations on how to keep fit and healthy. If your Go365 Age is older than your actual

age, we'll help you find simple, healthier options that can lower your Go365 Age little by little.

Here's how to take the Go365 Health Assessment:

- **Visit Go365.com** or fill out and mail the Go365 Health Assessment Form if you're participating in Go365 by mail
- Answer questions about your current health and lifestyle – it only takes a few minutes

Don't worry if you're not sure about some of the questions we ask, like your blood pressure or cholesterol level. You'll still be able to learn your Go365 Age and participate in the program.
